## LAND SALES AROUND LAS CRUCES FOR 4 MONTHS REACH \$150,000

### Convincing Demonstration of What Advertising will do in Way of Getting Real Money

**[Special Correspondence to the Herald.]**  
Las Cruces, N. M., June 17.—Thomas Cooney, one of the most prominent of Socorro county's citizens and member of the state legislature from that county, has purchased the Weronick ranch north of Las Cruces of 88 acres for \$14,500.

After looking over the valley with great care Mr. Cooney decided that the best ranch to buy was one already highly improved. The Weronick place has an orchard of 41 acres, containing only the varieties of apples, pears and peaches best adapted to the Mesilla valley, selected under the guidance of Prof. Fabian Garcia, of the New Mexico College of Agriculture, and purchased from Stark Bros. Nurseries and Orchards Co. This orchard is now two years old, is in perfect condition, without a single tree missing, and it only requires the lapse of a few short years until it will be worth more than a thousand dollars an acre.

Mr. Weronick had planned this orchard as his life's work, but owing to serious health conditions which rendered him unable to give it the attention it required he was forced to sell.

John Stockbridge of Mesilla Park

### NOTICE

We, the organized bodies of the building trade department of Albuquerque, wish to give to the business men of Albuquerque the names of the contractors who employ only organized labor.

- Carpenter Contractors.**  
E. A. Gertig,  
W. Henselden,  
J. W. McQuade,  
J. A. Harlan & Son,  
A. W. Hayden,  
Lyon & Atwell,

## IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse, again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. Two sizes, 25c and 50c, at all stores.

will take charge of the farm and conduct its operation. Later Mr. Cooney expects to move to Las Cruces where he can take advantage of the facilities afforded by the State College for the education of his children.

**Mesilla Valley Land Sales Active.**  
The Palmer-Hess company, designated agents of the Water Users' association, has during the past fifty days sold almost \$50,000 worth of fertile farm lands of the Mesilla valley. The list of purchasers follows:  
Mrs. Maud Pettjohn of Arizona purchased five acres just west of Las Cruces for \$125 per acre. She expects to move on the place in the fall and improve it.

Mr. James E. Stone of northern New Mexico purchased the ranch of Prof. William H. Sloan, northwest of Las Cruces. This tract consisted of eight acres with a fine house. The consideration was \$2,000. Mr. Stone is now living upon the premises and is very much pleased with it and the Mesilla valley.

Luther Hesterington purchased the ten acre Hardy orchard for \$175 an acre. This is an orchard with a beautiful little bungalow erected about two years ago by Mr. and Mrs. Hardy.

E. D. McIntosh purchased about 100 acres of land four miles northwest of Las Cruces, partly in cultivation. Mr. McIntosh is a brother of Mrs. W. C. Field, wife of Dr. Field, who formerly lived in Las Cruces, and it is his intention to immediately start the development of a commercial orchard with a view of making his home here in a few years. The price was \$57.50 an acre.

Mr. Joseph C. McCarty purchased the Barthold ranch of 23 acres three miles northwest of Las Cruces. The consideration was \$4,750. Mr. McCarty comes from Minnesota and is an experienced farmer.  
Henry Fitch and Jesus Bernal of Dona Ana have purchased 100 acres of the strange lands at \$125 per acre. Mr. Fitch a few months ago purchased a tract of 76 acres from Mr. Strang, and 40 acres from Mr. E. H. Houston, adjoining the present purchase. With the addition of the present acreage he will have one of the largest and most profitable farms in the Mesilla valley. His first crop of alfalfa will cut more than 300 tons and Mr. Fitch states that his season's crop will average seven tons per acre.

This brings the average sales up to the remarkable sum of about \$1,500 a day for the last fifty days.  
The total sales of lands in the vicinity of Las Cruces during the past four months now amounts to over \$150,000 and this does not take into consideration the sale of the Hager tract of 1400 acres, north of Las Cruces, which amounted to \$75,000. Only the small farm sales are considered in the amount of \$150,000, so that if the Hager sale were added the total amount of the farm transactions would amount to \$225,000.

### State News.

## STATE LAND OFFICE WILL FIGHT FOR ITS LANDS

### Notice of Appeal to General Land Office Given in Matter of Mineral Bearing School Sections.

**[By Leased Wire to Evening Herald.]**  
Santa Fe, N. M., June 18.—The state land office today announced its intention to appeal to the general land office from the decision of the United States land office here which has ruled that the local land office has power to determine whether lands selected for school lands are mineral or non-mineral in character. The ruling of the local land office, should it stand, would deprive the state of the right to select available lands, and the land commissioner, under advice from the attorney general will maintain his power to select the land, subject to approval of the department of the interior regardless of whether or not they are mineral or non-mineral in character.

## MISS RUTH LAUGHLIN MAKES RIDE INTO THE WILDS OF GUATEMALA

**[Special Dispatch to The Herald.]**  
Santa Fe, N. M., June 18.—Miss Ruth Laughlin, daughter of Judge N. E. Laughlin, has just returned from Guatemala where she accompanied one of the archaeological expeditions. During her stay Miss Laughlin took a horseback ride of 175 miles into the wildest of the Guatemalan country,

never penetrated before by a white woman. She went to some of the most inaccessible ruins of the region, reaching altitudes as high as 12,000 feet.

**Seligman Admitted to Annapolis.**  
Mr. and Mrs. James Seligman today received a telegram from their son Morton Seligman announcing that he had successfully passed his examinations for admission to the United States Naval Academy at Annapolis.

## NEW YORK MAN IS FATALLY HURT ON SCENIC HIGHWAY

### William Charles, Son of Wealthy Grocer Pinned Behind Steering Wheel When Car Tumbles Down Embankment.

East Las Vegas, N. M., June 18.—While driving a light automobile on the scenic highway this afternoon, William Charles, son of a New York City leading grocer, sustained terrible fatal injuries, and his companion, Ethel Crawford, was badly shaken up and bruised as a result of a sudden cave-in. The car was rounding a sharp curve and while at the apex the earth slid out from under it. The car turned four complete somersaults. Charles was caught behind the steering gear and could not extricate himself. His back is severely wrenched and the extent of his internal injuries cannot be told at this time.

## DAMAGE TO KAISER WILHELM II NOT AS SERIOUS AS FEARED

**[By Leased Wire to Evening Herald.]**  
Bremen, June 18.—The North German Lloyd today issued the following statement concerning the collision between the aKaiser Wilhelm II and the Incenerre:  
"The Kaiser Wilhelm II was struck on the starboard side opposite her third group of boilers. She sprang a leak which, however, could be kept under control.  
"The damage to the Kaiser Wilhelm II apparently is less than was at first supposed. Repairs probably will require only a short time and will be undertaken at Southampton."

## 'CHIEF SAM' AND HIS BACK TO AFRICA SHIP ARRIVE AT GALVESTON

**[By Leased Wire to Evening Herald.]**  
Galveston, Tex., June 18.—The steamship Liberia, on which Alfred C. Sam, leader of the "Back to Africa" movement among negroes of this country proposes to take several hundred negroes to the gold coast of Africa, arrived here today. The arrival of the vessel was the occasion for much rejoicing among several hundred followers of "Chief" Sam, who have been here several months.  
It is not known when the Liberia will sail for Africa. "Chief" Sam is said to be on board.

## LAWLER LEADS OVER HAMMOND BY 1500 VOTES IN MINNESOTA

**[By Leased Wire to Evening Herald.]**  
St. Paul, Minn., June 18.—Belated returns today from Minnesota's state-wide primary elections availed Daniel Lawler's lead over Congressman W. S. Hammond by nearly 1,500 votes in the contest for the Democratic gubernatorial nomination.  
W. E. Lee's majority over Governor Elbertson was increased by 149 returns and most of the governor's supporters conceded his defeat.

## LARGE URGES STUDENTS STUDY REFORM AND ALSO REFORMERS

**[By Leased Wire to Evening Herald.]**  
Cambridge, Mass., June 18.—Study of reforms and reformers in order to find out their real value was today urged on students of Harvard university by United States Senator Henry Cabot Lodge in an address before the Harvard Alumni association.  
Senator Lodge said "that just now we have with us one of the current periods when the world is filled with reforms, largely destructive and punitive in character, generally of that most attractive kind which aims at making some one other than ourselves virtuous by process of law." "These questions," continued the senator, "are not to be settled by wild denunciation of existing wrongs. They must find their solution through a knowledge of the past and a cool judgment of the future."

## MILLIONAIRE MILKMAN SUED FOR DIVORCE IS ON HIS WAY TO EUROPE

**[By Leased Wire to Evening Herald.]**  
New York, June 18.—Gail Borden, the millionaire milk dealer, was served with a summons and complaint today in the action for divorce instituted by Mrs. Helen M. Borden. The action was recently filed in a California court. The complaint charges desertion.  
Mr. Borden said he would not be able to answer it in person, since he was going to Europe.

# DO YOU WANT AN ELECTRIC IRON ??

THESE ARE HOT DAYS AND SWELTERING OVER A HOT STOVE WHILE HEATING IRONS IS TOO MUCH FOR ANY HOUSEWIFE

## The Evening Herald to the Rescue

BY SUBSCRIBING FOR THE HERALD AND PAYING A SUM ONLY SLIGHTLY IN EXCESS OF THE REGULAR SUBSCRIPTION PRICE OF THE EVENING HERALD YOU CAN SECURE

## A Williams Electric Iron

The Albuquerque Gas & Electric Co. has been selling this Williams Electric Iron at its actual cost to them—\$1.98. Subscribe for The Evening Herald for one year and you can secure one of these Irons at a cost to you of only \$1.00. You pay \$1.50 down (this including payment for the first month's subscription) and 50c a month, the regular subscription rate of The Evening Herald, for eleven months thereafter. The Iron is delivered to you as soon as you contract for the paper for a year and pay the \$1.50.

## What the Iron Is

The Williams Electric Iron is under an absolute guarantee by the Albuquerque Gas & Electric Co. The Irons have been given a sixty-four day test. Think of it! Fifteen Hundred and Thirty-Six Hours of Steady Current and Still as Good as New. The operating expense is about the same as the cost of fuel in ironing the old way. The difference is that with the Williams Electric you turn the switch and in three minutes the iron is ready for use. All the heat is concentrated on the iron; not a bit of it escapes; you can iron without interruption until you are through, and YOU ARE COOL while your IRON IS HOT. Whereas, by the old method, you will burn a bucketful of coal getting the irons ready to use and heat up the whole house in the meantime, tramp back and forth after fresh irons and to pour bucketful after bucketful of coal into your already hot stove, and YOU ARE HOT while your IRONS ARE COOL.
